SKILLS

PRE-CONSTRUCTION

PROJECT MANAGEMENT

M&E PACKAGE MANAGEMENT

RECENT WORK EXPERIENCE

M&E PROJECT MANAGER – KING’S COLLEGE HOSPITAL CCU OTB

March 2014 – December 2016

Lead Project Manager on the £19m M&E package on this major London healthcare development. One of the most challenging engineering schemes currently in the sector, the project involves building a new critical care unit over the live operating theatre block.

M&E PROJECT MANAGER – QEOP LEGACY PROJECT – LEA VALLEY HOCKEY STADIUM

March 2013 – December 2013

M&E Project Manager for fast track D&B conversion of 2012 Olympic Venue into a Hockey and Tennis centre. Services included a major internal and external PA system overhaul, new stadium canopy lighting, changing room fit out and life safety system upgrade.

M&E PROJECT MANAGER – HARLEQUIN THEATRE REFURBISHMENT

March 2012 – December 2012

M&E overhaul of back of house services including ventilation, lighting and fire alarms. A front of house refurbishment was added into the phase during the scheme and was incorporated to the clients overall satisfaction.

OTHER EXPERIENCE

Pre-Construction M&E Manager for Willmott Dixon Construction for 5 Years

EDUCATION

MSc Project Management Practice @ Uni of Herts

May 2015 – May 2017

Currently into the final project phase of this 2 year course. The syllabus includes personal development, Lean and Agile approaches as well as advanced Leadership studies, advances in project management approaches and a final year thesis.

B.Eng (hons) Building Services Engineering @ Uni of Herts

September 1995 – May 1999

Adam is also a Chartered Engineer having attained full Chartered status with the Chartered Institute of Building Services Engineers in 2011.
